Renaissance and Reformation

Chapter Review

MAIN IDEAS
1. In Italy the growth of wealthy trading cities and new ways of thinking helped lead to a rebirth of the arts and learning. This era became known as the Renaissance.

2. Renaissance ideas soon spread beyond Italy to northern Europe by means of trade, travel, and printed material, influencing the art and ideas of the north.

3. Criticism of the Roman Catholic Church led to a religious movement called the Protestant Reformation and brought changes in religion and politics across Europe.

4. Catholics at all levels recognized the need for reform in the church. Their work turned back the tide of Protestantism in some areas and renewed the zeal of Catholics everywhere.
